My Dear Sir,

Dornoch Airstrip

I have received from Mr. Glen Grant of Messrs. Grant & Sons, Dornoch, a message to say that he dealt with the cutting of the grass on Dornoch Airstrip on the evening of 30th May. He states that he arranged for a man with a grass cutter to do this work, which took 4½ hours and he is now submitting an account for £18, which covers the hire of the equipment and the man's time, without any element of profit.

I have no information whatever about this and I think the message must have been intended for you. No doubt you will deal with it.

I am,
Yours very truly,

County Clerk.

Dear Sir,

Dornoch Airstrip

I refer to your letter of 31st May, 1972 and my telephone conversation with you today regarding the cutting of the grass at the Dornoch Airstrip. This exercise was carried out following a request to have the grass cut by the operator who recently used the airstrip. Unfortunately we had difficulty in finding someone to carry out the work, hence the delay.

I understand that the County Road Surveyor is carrying out certain work at the airstrip now and accordingly would be obliged if you would draw his attention to the position in order that he will be aware of the cost involved in the cutting of the grass, particularly as I understand the expenditure meantime is being met by the County.

Yours faithfully,

Town Clerk.

Dear Sir,

Dornoch Airstrip

I have your letter of 6th current explaining the circumstances under which the grass was cut recently on the airstrip.

I am not at all clear about the arrangements for meeting the various items of expenditure involved in bringing the airstrip up to standard. This, it seems to me, was never discussed in detail at any of our meetings. Would it not be better since the strip is owned by the Burgh if you were to meet these items of expenditure as they come along and they can, at the end of the day, be finally apportioned. This is only a suggestion and it might be more convenient for you if you were to ingather the contributions of the Highland Development Board and the County Council and work on this.

Perhaps you could let me have your views on this problem.

I am,
Yours faithfully,

County Clerk.
