HEATHERWOOD PARK is situated about a mile and a half from the centre of Dornoch on the coastal road to the village of Embo. A footpath nearby leads to the beach and the ninth tee of the famous Royal Dornoch golf course. There are several other good courses in the area as well as fishing, pony hire, and of course fine sandy beaches.

Any part of the North of Scotland can be reached in a day where some of the most magnificent scenery is to be found. The area is rich in geology, ornithology and is of great appeal to the naturalist generally.

For many people the peace and tranquillity to be found in this lowest populated area of Britain is perhaps its greatest asset.
