Secy, Golf Club

Dornoch 12. Mch. 1891

Dear Sir,

I am to propose at the annual meeting of the Golf Club to be held shortly, that the Golf course, instead of being extended towards Inubo, should be kept within the Burgh boundaries as much as possible.

Two additional holes will be necessary if the Club adopt my proposal, and I now beg to apply for the sanction of the Town Council for the same. One will be in the vicinity of the old target butt, the other immediately below the Quarries and close to the East-most

house in Lettletown. This
 arrangement will enable us
 to dispense with two of the
 present holes on the portion
 of the links beyond the ^{parliament} ~~parliament~~
~~the~~ boundaries of the Parish.

I am
 Yours faithfully
 J. Sutherland
